50 Voices of Disbelief: Why We Are Atheists presents a collection of original essays drawn from an international group of prominent voices in the fields of academia, science, literature, media and politics who offer carefully considered statements of why they are atheists. Features a truly international cast of contributors, ranging from public intellectuals such as Peter Singer, Susan Blackmore, and A.C. Grayling, novelists, such as Joe Haldeman, and heavyweight philosophers of religion, including Graham Oppy and Michael Tooley Contributions range from rigorous philosophical arguments to highly personal, even whimsical, accounts of how each of these notable thinkers have come to reject religion in their lives Likely to have broad appeal given the current public fascination with religious issues and the reception of such books as The God Delusion and The End of Faith

Written for teachers or parents of young children, Singing Lessons for Little Singers offers exciting songs and exercises based on proven pedagogical principles and healthy vocal technique for use in solo or group voice lessons. This revolutionary method was created to fill the great void of private singing lesson materials for children: it combines a system of voice-developing exercises with an ear-training and sight-singing course and a collection of enjoyable songs with entertaining lyrics and delightful illustrations. This powerful, comprehensive method has had great success in developing advanced singing skills, as well as creating many satisfying experiences for students.

Tackling a host of myths and prejudices commonly leveled at atheism, this captivating volume bursts with sparkling, eloquent arguments on every page. The authors rebut claims that range from atheism being just another religion to the alleged atrocities committed in its name. An accessible yet scholarly commentary on hot-button issues in the debate over religious belief Teaches critical thinking skills through detailed, rational argument Objectively considers each myth on its merits Includes a history of atheism and its advocates, an appendix detailing atheist organizations, and an extensive bibliography Explains the differences between atheism and related concepts such as agnosticism and naturalism

S.P. Somtow has assembled a collection of essays, poems, and fiction, and tells all about his first published poem from 1967, which earned a lengthy shelf life when it was used as the epigraph for a best-selling autobiography by Shirley MacLaine, to his first professional fiction sale in 1977, to stories that won major awards like the World Fantasy Award. Here, also, are some of his acerbic commentaries from Thai and U.S. magazines, which rarely shied away from controversial subjects. S.P. Somtow's fiftieth book celebrates a lifetime of achievement as the internationally acclaimed author of fiction, nonfiction, and poetry "the most wellknown expatriate Thai in the world" - International Herald Tribune

Acclaim: "The language is understated, but quietly beautiful, and I find myself invested in Jabonkah as she's portrayed on the page, not only because of what happens to her, but because of her view of the world, sometimes sweet and sometimes shrewd, and always strong." Rebecca, agent "The story is compelling and the writing is extremely strong-some of the metaphors are wonderfully original. Moreover, the author manages to capture the child's voice perfectly." Valerie, professor Description: Jabonkah Sackey's only desire in life was to be like her mother and to be left alone. However, being born deep in the African bush in 1948, her desires didn't really matter. Cursed with an abusive father, Jabonkah was saddled with the plans he had for her. Instead of being a "stupid bush woman" like her mother, she was going to learn to obey. But after repeatedly disappointing and rebelling against her father, he sets forth on a rampage targeting her mother and nearly beats her to death. After stepping in to save her

mother and scalding her father with boiling water in the skirmish, Jabonkah's fate is unfortunately sealed. She is sent to the Society as punishment, where women from her own tribe perform the ritual of female circumcision. Six weeks later, Jabonkah returns home to the continued beatings until she is eventually disowned and sent away to live with a missionary by the name of Mother Stevens. Unfortunately, it's with Mother Stevens that her real struggle begins. Will Jabonkah escape the oppression and misery that is ruling her life, or will she succumb to her depression? Set against the harsh setting of mid-century Africa, *Driving the Birds* takes readers on a journey from small villages in Liberia to African missions, and eventually the United States. With this particular backdrop, Jabonkah's story brings many issues to light that affect countless women around the world. By documenting the horrible genital mutilation that she suffers in detail, *Driving the Birds* aims to bring about further awareness to an issue that is still prevalent today. Though the subject matter can be intense and discouraging at times, Jabonkah uses her faith and an uncommon personal resiliency to keep the story from setting into a despondent manner. With true personal freedom as her goal, Jabonkah is able to overcome numerous obstacles and a lifetime of hardships in route to achieving her dreams and ensuring her happiness. *Driving the Birds* by Russell Traughber is the uplifting true story of one woman's courageous journey from a small village in Liberia to the freedom that America offers. With unmistakable charm, unwavering determination, and a truly unique worldview, Jabonkah enthralls readers with each passing chapter. Her personal journey and repeated injustices are equal parts heartbreaking and infuriating. From repeated abuses at the hands of others and the subjection to female genital mutilation, Jabonkah's plight provides a window to the sufferings of less fortunate women around the world. However, where parts of her story enrage and discourage, it's her spirit and determination that ultimately leave readers feeling like they have taken part in Jabonkah's triumphs as well.

Focusing on the intersection of religion, law and politics in contemporary liberal democracies, an analysis of the secular state applies a global focus to the subject of religious freedom from historical and philosophical viewpoints to illuminate many of today's most hotly contested debates.

Eddie K. Wrights memoir detailing the controversial experience of being the young father of a son who would grow up to be the gayest man on the planet! His "NO SON OF MINE!!" street gangster mentality evolves during his difficult life journey coming to realize that his responsibility as a loving father didn't change just because his son is gay. The book is scheduled for publication on June 1, 2016. In his first memoir, Eddie shares his story of becoming a father at 18 years old who realized his son was showing 'stereotypical' signs of being gay while still in diapers. Spending most of his adult life engulfed in the street gangster/hip hop culture where this subject was not only hushed, but deeply frowned upon, he gives us the voice for what's been kept silent for far too long, confronting almost every aspect of this taboo topic. It took years for him to silently accept his son's homosexuality himself, regardless of all the signs. When his son was five years old, his favorite color was pink and there was nothing Dad could do about it. By the age of fourteen; he was an internet sensation, dancing on YouTube building his fan base to guarantee his success when performing as a drag queen a few years later. Eddie addresses the questions most are scared to ask; Was there anything I could do to stop my son's homosexuality? When did I know my son was gay? What made him that way? Parents will find comfort in reading that Eddie admits that his son's feminine behaviors embarrassed him and he seriously contemplated abandonment, a choice that too many fathers feel they have to choose.
