Aikido and the Dynamic Sphere: An Illustrated Introduction provides a complete foundation in the practice of one of the most distinctive and effective Japanese martial arts. Aikido was created in Japan in the 1920's by Morihei Ueshiba, also known as Osensei. To possess the skills, techniques and attitude of the true practitioner of aikido, one must achieve a very high level of integration of the powers of mind and body, the harmonious combination of physical means and ethical motives. By controlling body position and learning how to harmonize vital physical and mental powers, anyone (regardless of size, strength or weight) can fend off attacks using this sophisticated martial art. Complete Aikido provides insights into the three leading styles of this Japanese martial art: the original art developed by founder Morihei Ueshiba O'Sensei, the Shin-Shin Toitsu aikido of Koichi Tohei Sensei, and the Suenaka-ha Tetsugaku-ho aikido of Roy Suenaka Sensei. Both a fascinating martial biography and a comprehensive instructional manual, this aikido book is a must for all practitioners seeking the way of harmony.

Combat Aikido is term used to describe a hybrid of traditional Aikido which breaks the art form down to its martial roots. It disregards some of the philosophy and many of the less effective techniques of traditional Aikido, concentrating instead on only on the martial application of the art form. Combat Aikido is a training manual for anyone seeking to learn a realistic form of the martial art of Aikido. Combat Aikido techniques are only those which will work in real fights where there are no rules and losing is not an option. Master the wooden weapons used in Aikido with this comprehensive martial arts training manual. Morihei Ueshiba is rightly known as one of the world's greatest martial artists for his creation of aikido, the synthesis of his superb technique and his profound spiritual insight into the nature of the universe. Aikido is much more than just another fighting style, it is a holistic approach to life that Morihei described as "a divine path inspired by the gods that leads to truth, goodness, and beauty." Sadly, Morihei left few writings to explain his martial arts philosophy, preferring to teach his disciples by direct example. Aikido students will be familiar with photographs and film footage of Morihei as an old man, effortlessly defeating his much younger opponents, but very little has been published about Morihei's prewar years, when he was perfecting aiki-budo, as aikido was then known. In 1938 Morihei wrote *Budo (Martial Way)* as an

instruction manual and a statement of the aims and spirit of his martial arts philosophy. Budo, however, was never made available to the general public, and it even contains the injunction that "these techniques ... should not be disclosed indiscriminately to the public." Now with the worldwide popularity of aikido rivaling that of judo and karate-do, the Aikikai Foundation and the Ueshiba family have decided that it is time for this historic treatise of the martial arts to be translated into English, and made available to general readers and students of aikido all over the world. Reproduced faithfully from the original, this seminal work contains one of the founder's few personal statements of his basic principles, expressed both in prose and mystical poetry. The text is accompanied by photographs of Morihei illustrating the aikido

techniques he describes. This martial arts classic is preceded by an introductory biographical essay on Morihei by his son Kisshomaru Ueshiba, the present chairman of the Aikikai Foundation. This enlightening work recounts the founder's early life, his inspirational 'encounter with the religious mystic Onisaburo Deguchi, and the spiritual revelations that led him to develop the art of aikido. The volume concludes with a series of action photographs of the founder demonstrating aikido techniques, taken at a private dojo in Tokyo in 1936. This section also includes selected photographs of Morihei in action in 1951. The more than 400 historic photographs shown here provide an unequalled opportunity to observe the lifelong devotion to aikido and the continuity of performance that characterized Morihei's approach to his art.
