Cannondale Mountain Bikes for Sale. In 1971, Cannondale was founded as a manufacturer of camping equipment and bike trailers. Cannondale's bicycle division quickly made a name for itself, producing the world's first TIG welded aluminum frame for the ST500 in 1983.

Cannondale Mountain Bikes for Sale | BikeExchange

The Cannondale CAAD12 delivers carbon weight and performance in an aluminum frame. Using high-strength aluminum and cutting-edge design, the CAAD12 frame is the most advanced aluminum frame on the market. Its race-inspired geometry gives it an intensity any sprinter will admire and a lightness to compete with carbon frames on race day.

Cannondale Closeouts - Trek Bicycle Superstore

Cannondale was the first to produce a crankset that uses externally mounted bottom bracket bearings, though they later discontinued this design. External bearings are now the most common type of bottom bracket for mid-level and higher bicycles. In 1992, Cannondale introduced the Headshok and the accompanying oversized headtube.

Cannondale Bicycle Corporation - Wikipedia

A short history of Cannondale bikes. Cannondale is an American brand that was founded in 1971 as an outdoor and camping gear company, who eventually moved into the bike market in the '80s.

Cannondale bikes | latest reviews, news and buying advice ...

Cannondale are big players in the Pro Cycling Circuit. In 1997 Cannondale was the first to feature large, oversized aluminum bike frames on cycling's biggest stage, the Tour de France. At the 1999 Tour, Cannondale had 4 stage victories with the Saeco team. From 2007 onwards Cannondale are the bike sponsors for Liquigas.
