Crazy Busy (Book) | Hennepin County Library | BiblioCommons

Highly practical and super short, Crazy Busy will help you put an end to “busyness as usual.” PUBLISHERS WEEKLY AUG 26, 2013

DeYoung (The Hole in our Holiness) is a smart guy, and he offers a refreshing (and refreshingly short) take on the plague of modern American life: the too-long to-do list and the overscheduled calendar that produce the frazzled response “busy” to the innocent question “How are you?”

Winner of the 2014 Christian Book of the Year Award “I’M TOO BUSY!” We’ve all heard it. We’ve all said it. All too often, busyness gets the best of us. Just one look at our jam-packed schedules tells us how hard it can be to strike a well-reasoned balance between doing nothing and doing it all. That’s why award-winning author and pastor Kevin DeYoung addresses the busyness problem head on in his newest book, Crazy Busy — and not with the typical arsenal of time management tips, but rather with the biblical tools we need to get to the source of the issue and pull the problem out by the roots. Highly practical and super short, Crazy Busy will help you put an end to “busyness as usual.”

I’m too busy. We’ve all heard it; we’ve all said it. Sometimes being busy seems like the theme of our lives. Yet this frenetic pace poses a serious threat to our physical, social and even spiritual well-being. In this mercifully short book about a really big problem, best-selling author Kevin DeYoung rejects the ‘busyness as usual’ mindset, arguing that a life of constant chaos is far from what God intends. DeYoung helps us figure out a better way forward, as he strikes a mature and well-reasoned balance between doing nothing and doing everything. With his usual warmth, humour and honesty, DeYoung deftly attacks the widespread ‘crazy busy’ epidemic and offers up the restful cure we’ve all been too busy to find.

The hole in our holiness is that we don't care much about holiness. Or, at the very least, we don't understand it. And we all have our reasons too: Maybe the pursuit of holiness seems legalistic. Maybe it feels like one more thing to worry about in your already overwhelming life. Maybe the emphasis on effort in the Christian life appears unspiritual. Or maybe you've been trying really hard to be holy and it's just not working! Whatever the case, the problem is clear: too few Christians look like Christ and too many don't seem all that concerned about it. This is a book for those of us who are ready to take holiness seriously, ready to be more like Jesus, ready to live in light of the grace that produces godliness. This is a book about God's power to help us grow in personal holiness and to enjoy the process of transformation.

Recent cultural interest in evangelicalism has led to considerable confusion about what the term actually means. Many young Christians are tempted to discard the label altogether. But evangelicalism is not merely a political movement in decline or a sociological phenomenon on the rise, as it has sometimes been portrayed. It is, in fact, a helpful theological profile that manifests itself in beliefs, ethics, and church life. DeYoung and other key twenty- and thirty-something evangelical Christian leaders present Don't Call It a Comeback: The Same Evangelical Faith for a New Day to assert the stability, relevance, and necessity of Christian orthodoxy today. This book introduces young, new, and under-disciplined Christians to the most essential and basic issues of faith in general and of evangelicalism in particular. Kevin DeYoung and contributors like Russell Moore, Darrin Patrick, Justin Taylor, Thabiti Anyabwile, and Tim Challies examine what evangelical Christianity is

Download File PDF Crazy Busy A Mercifully Short Book About Really Big Problem Kevin Deyoung

and does within the broad categories of history, theology, and practice. They demonstrate that evangelicalism is still biblically and historically rooted and remains the same framework for faith that we need today.

Work. For some this word represents drudgery and the mundane. For others work is an idol to be served. If you find yourself anywhere on the spectrum from workaholic to weekend warrior, it's time to bridge the gap between Sunday worship and Monday work. Striking a balance between theological depth and practical counsel, Tom Nelson outlines God's purposes for work in a way that helps us to make the most of our vocation and to join God in his work in the world. Discover a new perspective on work that will transform your workday and make the majority of your waking hours matter, not only now, but for eternity.

The authors confront the issue of the declining enrollment in Christian schools with a reassessment of the Christian school movement's philosophy and ideas to bring renew the movement. Some of the ideas include the concept of professional learning communities as vehicles for change, servant-leadership, the school principal as a cultivator of leadership and professional development among the teachers, new pedagogy models, written vision statements, and parental involvement.

Theological dictionaries are foundational to any theological library. But until now there has been no Global Dictionary of Theology, a theological dictionary that presumes the contribution of the Western tradition but moves beyond it to embrace and explore a full range of global expressions of theology. The Global Dictionary of Theology is inspired by the shift of the center of Christianity from the West to the Global South. But it also reflects the increase in two-way traffic between these two sectors as well as the global awareness that has permeated popular culture to an unprecedented degree. The editorial perspective of the Global Dictionary of Theology is an ecumenical evangelicalism that is receptive to discovering new facets of truth through listening and conversation on a global scale. Thus a distinctive feature of the Global Dictionary of Theology is its conversational approach. Contributors have been called on to write in the spirit of engaging in a larger theological conversation in which alternative views are expected and invited. William A. Dyrness, Veli-Matti Kärkkäinen, Juan F. Martinez and Simon Chan edit approximately 250 articles written by over 100 contributors representing the global spectrum of theological perspectives. Pastors, theological teachers, theological students and lay Christian leaders will all find the Global Dictionary of Theology to be a resource that unfolds new dimensions and reveals new panoramas of theological perspective and inquiry. Here is a new launching point for doing theology in today's global context.

The author provides theological reflections and personal anecdotes to describe the cultural shift of Christian focus from God to humanity in general and explains a stronger trust in the Genesis creation stories will increase trust in God and improve humanity.

OVER 300,000 COPIES SOLD! Why won't God reveal his special will for my life already? Because he doesn't intend to... So says Kevin DeYoung in this punchy book about making decisions the godly way. Many of us are listening for the still small voice to tell us what's next instead of listening to the clear voice in Scripture telling us what's now. God does have a will for your life, but it is the same as everyone else's: Seek first the kingdom of God. And quit floundering. With pastoral wisdom and tasteful wit, DeYoung debunks unbiblical ways of

Download File PDF Crazy Busy A Mercifully Short Book About Really Big Problem Kevin Deyoung

understanding God's will and constructs a simple but biblical alternative: live like Christ. He exposes the frustrations of our waiting games and unfolds the freedom of finding God's will in Scripture and then simply doing it. This book is a call to put down our Magic 8-Balls and pick up God's Word. It's a call to get wisdom, follow Christ, be holy, and live freely. To just do something.

How can we move forward amid such political strife and cultural contention? We live in a time of division. It shows up not just between political parties and ethnic groups and churches but also inside of them. As Christians, we've felt pushed to the outskirts of national public life, yet even then we are divided about how to respond. Some want to strengthen the evangelical voting bloc. Others focus on social-justice causes, and still others would abandon the public square altogether. What do we do when brothers and sisters in Christ sit next to each other in the pews but feel divided and angry? Is there a way forward? In *How the Nations Rage*, political theology scholar and pastor Jonathan Leeman challenges Christians from across the spectrum to hit the restart button. First, we shift our focus from redeeming the nation to living as a redeemed nation. Second, we take the lessons learned inside the church into our public engagement outside of it by loving our neighbors and seeking justice. When we identify with Christ more than a political party or social grouping, we avoid the false allure of building heaven on earth and return to the church's unchanging political task: to represent a heavenly and future kingdom now. It's only when we realize that the life of our churches now is the hope of the nation for tomorrow that we become the salt and light Jesus calls us to be.
