Diversity Amid Globalization explicitly acknowledges the geographic changes in today's world by emphasizing both the homogenizing and diversifying forces inherent to the globalization process. This approach allows the authors to emphasize the interconnections that bind people and places together. The globalization approach challenges students to make critical comparisons between the regions of the world in order to understand them more fully.

This exciting, contemporary approach to World Regional Geography acknowledges the geographic changes that accompany today's rapid rate of globalization. The authors' unique approach gives you access to the latest ideas, concepts and theories in geography while also developing a strong foundation in the fundamentals of world regions, including a strong sense of place and an understanding of the connections within and between world regions. Globalization and Diversity is a briefer version of the popular Diversity Amid Globalization by the same authors.
