Economics A Level Zimsec

When Zimbabwe achieved political independence, its new majority government set itself the dual objectives of economic growth and redistribution of resources, neither of which were achieved. The seeds of economic decline were sown soon after independence in unsustainably high government spending, which was financed by private savings, stifling private investment and inhibiting employment creation. The burden of adjustment was borne disproportionately by the rural poor, who fared worse than those already in urban employment. Zimbabwe's experience provides valuable lessons for countries struggling with the trade offs between growth-orientated and

Psychology is full of agreements and disagreements! Here Richard Gross pairs up 30 studies to show you how the classic theories in Psychology are constantly revisited by modern researchers. In a new focus for this 6th edition, the emphasis is on how these classic and contemporary studies relate. From the differences and similarities between them you'll understand not just the studies themselves, but develop the study skills you need to write about Psychology in exams and essays. The aim is to help you understand how specific research and issues fit into the science of Psychology as a whole, and where that science is going. Key Studies

to think about the role of education, its funding and the egalitarian approach to widening access to education. The nexus between education, democracy and policy change is a complex one. The book provides an illuminating account of the constantly evolving notions of national identity, language and citizenship from the Zimbabwean experience. The book discusses educational successes and challenges by examining the ideological effects of social, political and economic considerations on Zimbabwe's colonial and postcolonial education. Currently, literature on current educational challenges in Zimbabwe is lacking and there is very little published material on

these ideological effects on educational development in Zimbabwe. This book is likely to be one of the first on the impact of social, political and economic meltdown on education. The book is targeted at local and international academics and scholars of history of education and comparative education, scholars of international education and development, undergraduate and graduate students, and professors who are interested in educational development in Africa, particularly Zimbabwe. Notwithstanding, the book is a valuable resource to policy makers, educational administrators and researchers and the wider community. Shizha

and Kariwo's book is an important and illuminating addition on the effects of social, political and economic trajectories on education and development in Zimbabwe. It critically analyses the crucial specifics of the Zimbabwean situation by providing an in depth discourse on education at this historical juncture. The book offers new insights that may be useful for an understanding of not only the Zimbabwean case, but also education in other African countries. Rosemary Gordon, Senior Lecturer in Educational Foundations, University of Zimbabwe Ranging in temporal scope from the colonial era and its elitist legacy through the golden era of populist, universal

Elementary Education to the disarray of contemporary socioeconomic crisis; covering elementary through higher education and touching thematically on everything from the pernicious effects of social adjustment programmes through the local deprofessionalization of teaching, this text provides a comprehensive, wide ranging and yet carefully detailed account of education in Zimbabwe. This engagingly written portrayal will prove illuminating not only to readers interested in Zimbabwe's education specifically but more widely to all who are interested in how the sociopolitical shapes education- how ideology, policy, international pressures, economic factors and shifts in values

Question Papers
What did the future hold for Rhodesia's white population at the end of a bloody armed conflict fought against settler colonialism? Would there be a place for them in newly independent Zimbabwe?

PIONEERS, SETTLERS, ALIENS, EXILES sets out the terms offered by Robert Mugabe in 1980 to whites who opted to stay in the country they thought of as their home. The book traces over the next two decades their changing relationship with the country when the post-colonial government revised its symbolic and geographical landscape and reworked codes of membership. Particular attention is paid to colonial memories and white interpellation in the official

account of the nation's rebirth and indigene discourses, in view of which their attachment to the place shifted and weakened. As the book describes the whites' trajectory from privileged citizens to persons of disputed membership and contested belonging, it provides valuable background information with regard to the land and governance crises that engulfed Zimbabwe at the start of the twenty-first century.
