Biomedical Engineering Personal Statement. I think that applying engineering techniques to the human body is a fascinating, absorbing and rewarding endeavour with many potential benefits for health care. Arguably, all engineering disciplines seek to further our quality of life, however, what interests me in bioengineering is that it can directly affect and improve our health and well being.

A Personal Statement of the subject of Chemical Engineering

Personal statement - Chemical Engineering is becoming ever more vital to the safeguarding of our future society in the wake of concerns regarding the finite nature of natural gas and the need to find, and make viable, renewable energy resources. As a keen Chemistry student, it was through discussing these issues with a family friend who currently works within the oil and gas industry, that I realised Chemical Engineering offered the most obvious platform through which I could combine my ...
