get, but if you read this book and apply the information, it will turn your world around.” —David Robin, David Robin Films

Going beyond the rule of thirds, this offers invaluable tips and tools to help the photographer take control of the

Download Ebook Fast

creative process with emphasis on four elements: an impactful subject, dynamic composition, effective use of lighting, and an ability to invoke an emotional response in the viewer What makes a great photo? Flicking through the pages of popular

Download Ebook Fast

photography magazines you might get the impression that there's only one rule of importance--the rule of thirds. Indeed it appears that some will judge the merit of a photograph based almost solely on this. Rarely do you hear discussion about visual weight,

Download Ebook Fast

balance, negative space, depth, and so on. Author and professional photographer Richard Garvey-Williams argues that success lies in a combination of four elements: an impactful subject; dynamic composition; effective use of

Download Ebook Fast

lighting; and, perhaps the most crucial, ability to invoke an emotional response in the viewer. Citing examples gleaned from a study of history--the Ancient Greeks' Golden Ratio; Fibonacci's mathematical ratio; and the principles known as the Gestalt

Download Ebook Fast

theory--the author analyzes the concepts, rules, and guidelines that define successful composition in photography and offers practical guidance to achieving great results. In clear, concise, and jargon-free text he also considers the role of

Download Ebook Fast

tone and color in good composition, and offers invaluable tips and the tools to help the photographer take control of the creative process. The book is illustrated with examples of the author's own beautiful nature photography, along with diagrams and

Download Ebook Fast

notation to explain techniques most clearly. A final chapter in this definitive guide for all serious photographers discusses photography and its relationship to art before offering a considered conclusion to the exploration of this
