Since mathematical principles have remained the same all throughout the world for centuries, Mathematics has been considered by many the ||universal language of numbers||. For some, Mathematics causes anxiety or fear because it seems difficult to understand. One of the objectives of this eBook is to make the material more visually, technologically and multiculturally attrac- tive, with the aid of videos, pictures, games, animations and interactive exercises so that Mathemat-ics can become more interesting and accessible for today's worldwide students since ||evidence is mounting to support technology advocates|| claims that 21st-century information and communication tools, as well as more traditional computer-assisted instructional applications, can positively influence student learning processes and outcomes (Cradler, 2002)||. The role of mathematics in our modern world is crucial for today's global communication and for a multitude of scientific and technological applications and advances.

"Tony Wagner and venture capitalist Ted Dintersmith call for a complete overhaul of the function and focus of American schools, sharing insights and stories from the front lines, including profiles of successful students, teachers, parents, and business leaders. [The book proposes] a new vision of American education, one that puts wonder, creativity, and initiative at the very heart of the learning process and prepares students for today's economy"--

This brand new Regents review "Redbook" conforms to the new Regents Math B curriculum taught in secondary schools throughout New York State. The new Math B exam covers topics that until recently were included in portions of the old Sequential Math Course II and all of the Sequential Math Course III. However, the entire math curriculum has been restructured, and this book reviews all Math B requirements and topics through step-by-step solutions to actual and simulated test questions. Includes graphing calculator skills and test-taking tips. Four full-length exams are included: the Regents Sample Math B test plus the exams that were given in June and August of 2001 and in January 2002.
