A project manager must not only master methods and processes, but also have the ability to deal with new, unexpected and critical situations. The book deals with these challenges, the passion for projects and the creativity which is required in order to lead projects and bring them to a successful conclusion. Experienced project managers report on exciting tasks in various countries, daily life as project managers and about their personal experiences and learning effects. Readers will experience the fascinating appeal of the job of a "project manager", which also means constantly being prepared to get into a new task. Furthermore, the book provides ideas about how to overcome social, cultural, organisational, financial, bureaucratic or other hurdles. Not only classic project managers - engineers and economists -, but also lawyers or industrial engineers, who work in projects or are interested in project work, will be inspired by this book, how personal commitment and professional, organisational and social capabilities combine to form this unique profession.

Focuses on sensor applications and smart meters in the newly developing interconnected smart grid • Focuses on sensor applications and smart meters in the newly developing interconnected smart grid • Presents the most updated technological developments in the measurement and testing of power systems within the smart grid environment • Reflects

the modernization of electric utility power systems with the extensive use of computer, sensor, and data communications technologies, providing benefits to energy consumers and utility companies alike • The leading author heads a group of researchers focusing on the construction of smart grid and smart substation for Sichuan Power Grid, one of the largest in China's power system

This study focuses on a set of issues at the forefront of feminist thought in the late 1990s: identity, difference and their implications for feminist politics. As feminism moves into an era in which differences among women, the multiple identities of woman and identity politics are all at the centre of feminist discussions, new approaches, methods and politics are called for.

Winner of the Restless Books Prize for New Immigrant Writing, Priyanka Champaneri's transcendent debut novel brings us inside India's holy city of Banaras, where the manager of a death hostel shepherds the dying who seek the release of a good death, while his own past refuses to let him go. Banaras, Varanasi, Kashi: India's holy city on the banks of the Ganges has many names but holds one ultimate promise for Hindus. It is the place where pilgrims come for a good death, to be released from the cycle of reincarnation by purifying fire. As the dutiful manager of a death hostel in Kashi, Pramesh welcomes the dying and assists families bound for the funeral pyres that burn constantly on the ghats. The soul is gone, the body is burnt, the time is past, he tells them. Detach. After ten years in the timeless city, Pramesh can nearly persuade himself that here, there is no past or future. He lives contentedly at the death hostel with his wife, Shobha, their young daughter, Rani, the hostel priests, his hapless but winning assistant, and the constant flow of families with their dying. But one day the past arrives in the lifeless form of a man pulled from the river—a man with an uncanny resemblance to Pramesh. Called "twins" in their childhood village, he and his cousin Sagar are inseparable until Pramesh leaves to see the outside world and Sagar stays to tend the land. After Pramesh marries Shobha, defying his family's wishes, a rift opens up between the cousins that he has long since tried to forget. Do not look back. Detach. But for Shobha, Sagar's reemergence casts a shadow over the life she's built for her family. Soon, an unwelcome guest takes up residence in the death hostel, the dying mysteriously continue to live, and Pramesh is forced to confront his own ideas about death, rebirth, and redemption. Told in lush, vivid detail and with an unforgettable cast of characters, *The City of Good Death* is a remarkable debut novel of family and love, memory and ritual, and the ways in which we honor the living and the dead. PRAISE FOR *THE CITY OF GOOD DEATH* "In Champaneri's ambitious, vivid debut, the dying come to the holy city of Kashi to die a good death that frees them from the burden of reincarnation.... In sharp prose, Champaneri explores the power of stories—those the characters tell themselves, those told about them, and those they believe. . . . This epic, magical story of death teems with life." —Publishers Weekly "Brimming with characters whose lives overlap and whose stories interweave, Champaneri's exquisite debut delves into the consequences of the past, and how stories that are told can become reality even when they contain barely a shred of truth. As Pramesh discovers, the bitterness of past wounds can bring hope for redemption and life." —Bridget Thoreson, Booklist "Lush prose evokes the thick, close atmosphere of Kashi and the intricate religious

practices upon which life and death depend. Rumor and superstition hold sway over even the most level-headed people, twisting what's explainable into something extraordinary—with tragic consequences. . . . The City of Good Death is a breathtaking, unforgettable novel about how remembering the past is just as important as moving on.” —Eileen Gonzalez, Foreword Reviews, Starred Review "Champaneri's Kashi is teeming and vivid . . . the book frequently charms, and it's as full of humor, warmth, and mystery as Kashi's own marketplace." —Kirkus Reviews "The City of Good Death is the debut novel of Priyanka Champaneri but it has the confidence of a master storyteller. Drawing on the rich literary traditions of Salman Rushdie and Arundhati Roy, Champaneri's epic saga will satisfy armchair travelers thirsty for adventure, and sick of looking out their windows." —Chicago Review of Books "In intricate detail and with remarkable skill, Champaneri writes a powerful tale about the pull of the past and our aching need to understand the mysteries and misunderstandings that thwart our relationships. An atmospheric and immersive debut with a rich cast of characters you won't soon forget." —Marjan Kamali, author of *The Stationery Shop*

“Am I dead?” Mebuyen sighs. She was hoping the girl would not ask. Spells and stories, urban legends and immigrant tales: the magic in Isabel Yap's debut collection jumps right off the page, from the joy in her new novella, “A Spell for Foolish Hearts” to the terrifying tension of the urban legend “Have You Heard the One About Anamaria Marquez.”

If you can build websites with CSS and JavaScript, this book takes you to the next level—creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.

This must-read for lovers of Stephen King's *The Shining* will leave readers breathless as Seda and her family find themselves at the mercy of a murderer in an isolated and snowbound hotel. Get ready for what Kirkus calls "A bloody, wonderfully creepy scare ride." When her mom inherits an old, crumbling mansion, Seda's almost excited to spend the summer there. The grounds are beautiful and it's fun to explore the sprawling house with its creepy rooms and secret passages. Except now her mom wants to renovate, rather than sell the estate—which means they're not going back to the city...or Seda's friends and school. As the days grow shorter, Seda is filled with dread. They're about to be cut off from the outside world, and she's not sure she can handle the solitude or the darkness it brings out in her. Then a group of teens get stranded near the mansion during a blizzard. Seda has no choice but to offer them shelter, even though she knows danger

lurks in the dilapidated mansion—and in herself. And as the snow continues to fall, what Seda fears most is about to become her reality...

Instead of a traditional written diary, Julia Kaye has always turned to art as a means of self-reflection. So when she began her gender transition in 2016, she decided to use her popular webcomic, *Up and Out*, to process her journey and help others with similar struggles realize they weren't alone. Julia's poignant, relatable comics honestly depict her personal ups and downs while dealing with the various issues involved in transitioning—from struggling with self-acceptance and challenging societal expectations, to moments of self-love and joy. *Super Late Bloomer* both educates and inspires, as Julia faces her difficulties head-on and commits to being wholly, authentically who she was always meant to be.
