This series provides an introduction to the language and culture of the Spanish-speaking world.

An essential exploration of why and how women's

sexuality
works—based on
groundbreaking
research and
brain
science—that
will radically
transform your
sex life into
one filled with
confidence and
joy. Researchers
have spent the
last decade

Imagina to
develop a “pink
pill” for women
to function like
Viagra does for
men. So where is
it? Well, for
reasons this
book makes
crystal clear,
that pill will
never be the
answer—but as a
result of the

research that's gone into it, scientists in the last few years have learned more about how women's sexuality works than we ever thought possible, and *Come as You Are* explains it all.

Leccion 7

The first lesson
in this
essential,
transformative
book by Dr.
Emily Nagoski is
that every woman
has her own
unique
sexuality, like
a fingerprint,
and that women
vary more than
men in our

Leccion 7

anatomy, our sexual response mechanisms, and the way our bodies respond to the sexual world. So we never need to judge ourselves based on others' experiences. Because women vary, and that's normal. Second

Leccion 7

Lesson: sex happens in a context. And all the

complications of everyday life influence the context

surrounding a woman's arousal, desire, and orgasm. Cutting-edge research across multiple

Leccion 7

disciplines
tells us that
the most
important factor
for women in
creating and
sustaining a
fulfilling sex
life, is not
what you do in
bed or how you
do it, but how
you feel about
it. Which means

Access Free

Leccion 7

that stress, mood, trust, and body image are not peripheral factors in a woman's sexual wellbeing; they are central to it. Once you understand these factors, and how to influence them, you can create for

yourself better
sex and more
profound
pleasure than
you ever thought
possible. And
Emily Nagoski
can prove it.
