myPearsonStore; Pearson Higher Education offers special pricing when you choose to package your text with other student resources.

For courses in Java programming Java Software Solutions establishes a strong foundation of programming techniques to foster well-designed object-oriented software. Heralded for its integration of small and large real-world examples, the worldwide best-selling text emphasises problem-solving and design skills and introduces students to the process of constructing high-quality software systems. The 9th Edition features a sweeping overhaul of Graphics Track coverage, to fully embrace the JavaFX API. This fresh approach enriches programmers' understandings of core object-oriented principles. The text uses a natural progression of concepts, focusing on the use of objects before teaching how to write them--equipping students with the knowledge and skill they need to design true object-oriented solutions.

**ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

--This package contains Java Software Solutions:

Foundations of Program Design, 7e, and

MyProgrammingLab with a Pearson eText student access

code card for Java Software Solutions. Java Software

Solutions teaches a foundation of programming techniques

to foster well-designed object-oriented software. Heralded

for its integration of small and large realistic examples, this

worldwide best-selling text emphasizes building solid

problem-solving and design skills to write high-quality

programs. MyProgrammingLab is a database of

programming exercises correlated to specific Pearson

CS1/Intro to Programming textbooks. The exercises are

short, focused on a particular programming topic, and are

assignable and automatically evaluated.

MyProgrammingLab provides immediate, personalized

feedback which helps students master the syntax, semantics

Managing network printers with ease.

Inspired by the success of their best-selling introductory programming text, Java Software Solutions, authors Lewis, DePasquale, and Chase now release Java Foundations, Second Edition. This text is a comprehensive resource for instructors who want a two-or three-semester introduction to programming textbook that includes detail on data structures topics. Java Foundations introduces a Software Methodology early on and revisits it throughout to ensure students develop sound program development skills from the beginning. Control structures are covered before writing classes, providing a solid foundation of fundamental concepts and sophisticated topics.
