Orwell, first published in England on 17 August 1945. The book tells the story of a group of farm animals who rebel against their human farmer, hoping to create a society where the animals can be equal, free, and happy. Ultimately,

the rebellion is betrayed, and the farm ends up in a state as bad as it was before, under the dictatorship of a pig named Napoleon.

According to Orwell, the fable reflects events leading up to the Russian Revolution of 1917 and then

The original title was *Animal Farm: A Fairy Story*, but U.S. publishers dropped the subtitle when it

Other titular variations include subtitles like "A Satire" and "A Contemporary Satire". Orwell suggested the title Union des républiques
