In a clear and engaging writing style, Christopher Thomas carries on the tradition he and Charles Maurice shepherded for eight previous editions in the 9th edition. The 9th Edition explores the current market forces that create both opportunities and constraints for business enterprises. The book has enjoyed success in part because of its mid-level of rigor, clarity of presentation, and end-of-chapter material. Note: The title of the Student CD, Managerial Accounting, 9/e is a print error.

Fundamental Managerial Accounting Concepts, 9th Edition by Thomas Edmonds and Christopher Edmonds and Mark Edmonds and Philip Olds (9781259969508) Preview the textbook, purchase or get a FREE instructor-only desk copy.

Fundamental Managerial Accounting Concepts

managerial economics is to provide economic terminology and reasoning for the improvement of managerial decisions. Most readers will be familiar with two different conceptual approaches to the study of economics: microeconomics and macroeconomics. Microeconomics studies phenomena related to goods and services
