Babies Build Toddlers is a unique parenting book with an innovative illustrative approach that makes child development information both accessible and actionable for everyday readers. Author, Mariana Bissonnette tells the powerful story of the child during their most essential stage of development: infancy. The first 18 months lay a critical foundation for a child's future emotional, cognitive, physical, and social well-being. But this early time is often the most difficult for parents!

Many find themselves in "survival mode" until toddlerhood, something that overlooks the incredible potential of this early time. *Babies Build Toddlers* offers readers a window into the intersection of development, education and parenting through clear developmental timelines (including movement, language, eating, sleeping, hygiene, and bonding), practical suggestions for how to support that development, and illustrations from a team of illustrators who celebrate the fullness of each parent's journey.

In a true story of a quarter-life crisis, the author shares his experiences living on the remote Pacific island of Yap, covering such topics as loincloth-tying, monkey-diapering, and the effects of global capitalism.

This guide provides readers with everything they need to know for planning a trip to Brazil, including the best places to stay and eat for all tastes and budgets, practical travel advice, and expert information on what to pack and when to go.

In a land of exotic splendor, a young Englishwoman finds herself guardian of an orphan child believed by a dying maharajah to be endowed with magical gifts. It is a role that will take her on a perilous journey into a kingdom's walled city to protect a child she doesn't know from a culture she doesn't understand... *A Singular Hostage* The year is 1838. Mariana Givens, a spirited young woman of twenty, has been sent to India to find a suitable husband. Mariana's favor, but it is with India that she falls in love: the baggage elephants tramping through country vast and wild; the scent of exotic foods at remote campsites; the enigmatic tutor who is her guide to native languages and ways. Lord Auckland must forge an alliance with Ranjit Singh that will deliver Afghanistan into British control, but as he negotiates his crucial treaty, Mariana is drawn into a perilous conspiracy surrounding the one-eyed Maharajah's baby hostage--a child of mystical repute named Saboor.

The spiritual path is like any other road—it's going to have its share of potholes and detours. Safe travel requires a quality rarely taught yet critically important in today's world: discernment. In *Eyes Wide Open*, Mariana Caplan supports us in cultivating the acute judgment and discrimination that will help us to live a spiritual life with intelligence, clarity, and authenticity. Is enlightenment less about fireworks and bliss and more about dismantling illusions? How do we fully integrate our practice into daily living? What's the best way to work with the ego and the shadow? *Eyes Wide Open* explores these questions and more, offering practitioners from any tradition—or those just getting started—a traveler's guide through "the labyrinth of increasing subtlety" that defines a genuine spiritual life. *Eyes Wide Open* has received the following awards: 2010 Gold IPPY—New Age (Mind-Body-Spirit) 2010 Gold Living Now Award—Enlightenment/Spirituality 2010 Silver Nautilus Award—Spirituality
