The bestselling novel of love and sacrifice under fascist rule, and “a treat for the mind. One of the best books I have read in a long time” (Isabel Allende). Raimund Gregorius, a professor of dead languages at a Swiss secondary school, lives a life governed by routine. Then, an enigmatic Portuguese woman stirs his interest in an obscure, and mind-expanding book of philosophy that opens the possibility of changing Raimund’s existence. That same night, he takes the train to Lisbon to research the book’s phantom author, Amadeu de Prado, a renowned physician whose principles led him to confront Salazar’s dictatorship. Raimund, now obsessed with unlocking the mystery behind the man, is determined to meet all those on whom Prado left an indelible mark. Among them: his eighty-year-old sister, who maintains her brother’s house as if it were a museum; an elderly cleric and torture survivor confined to a nursing home; and Prado’s childhood friend and eventual partner in the Resistance. The closer Raimund comes to the truth of Prado’s life, and eventual fate, an extraordinary tale takes shape amid the labyrinthine memories of Prado’s intimate circle of family and friends, working in utmost secrecy to fight dictatorship, and the betrayals that threaten to expose them. “A meditative, deliberate exploration of loneliness, language and the human condition” (The San Diego Union-Tribune), Night Train to Lisbon “call[s] to mind the magical realism of Jorge Amado or Gabriel Garcia Marquez . . . allusive and thought-provoking, intellectually curious and yet heartbreakingly jaded,” and inexorably propelled by the haunting mystery at its heart (The Providence Journal). Night Train to Lisbon was adapted into Bille August’s award-winning 2013 film starring Jeremy Irons, Lena Olin, Christopher Lee, and Charlotte Rampling.

A huge international bestseller, with over 2 million copies sold worldwide, Night Train to Lisbon is an utterly compelling novel about one man's escape from a humdrum life in search of passion and spontaneity. Night Train to Lisbon tells the story of mild-mannered, middle-aged Classics scholar Raimund Gregorius. When, one afternoon, he walks out of his class while in the middle of giving a lesson, his uncharacteristic impulsiveness surprises him as much as his students. This break from his usually predictable routine is driven by two chance encounters that morning on his way to work - the first with a mysterious Portuguese woman, and the second with a book discovered in a forgotten corner of an old bookshop, the journal of an enigmatic Portuguese aristocrat. With the book as his talisman, Mundus finds himself boarding the night train to Lisbon on a journey to find out more about its author, Amadeu del Prado - who was this man whose words both haunt and compel him, seeming somehow clairvoyant? His investigations lead him all over the city, and bring him into contact with those who were entangled in Prado's life. Gradually, he makes unexpected friends and the picture of an extraordinary man emerges: a difficult, brilliant, charismatic man, a doctor and a poet, and a rebel against Salazar's dictatorship. And as Prado's story comes to light so, too, Gregorius himself begins his life anew. Hurtling through the dark, Night Train to Lisbon is a rich tale, wonderful told, propelled both by the mystery at its heart and its evocative subject.

From the internationally bestselling author of Night Train to Lisbon comes a compelling novel about one man's attempt to extricate himself from his featureless existence and find a life of passion and danger. **LONGLISTED FOR THE 2013 IMPAC AWARD** In a quiet seaside town near Genoa, experts are gathering for a linguistics conference. One speaker, Philipp Perlmann is recently widowed and, struggling to contend with his grief, is unable to complete his keynote address. As the hour approaches, an increasingly desperate Perlmann decides to plagiarize the work of Leskov, a Russian colleague who cannot attend, and pass it off as his own. But when word reaches Perlmann that Leskov has arrived unexpectedly in Genoa, Perlmann must protect himself from exposure by constructing a maelstrom of lies and deceit, which will lead him to the brink of murder. In this intense psychological drama, the author of Night Train to Lisbon again takes the reader on a journey into the depths of human emotion and the language of memory and loss.

Night Train to Lisbon is a sensuous tale of the pursuit of love and passion against all odds, set in the 1930s when the world was on the brink of war and suspicion of loyalty, motivation, and intent -- to both country and lover -- was at flood tide. Carson Weatherell is a privileged young American woman traveling in Europe in 1936, courtesy of her aunt and uncle who live abroad and have kindly offered to show her the sights. A bout of illness and self-pity almost send her back to her sheltered Connecticut life, but on an overnight train to Lisbon, she suddenly can't imagine returning home. On that train she meets Alec Breve, a young British scientist traveling with a group of colleagues -- and in his company, Carson finds that she's enjoying herself, certainly for the first time since she left New York Harbor, and quite possibly for the first time in her life. In Lisbon, Carson and Alec begin an intense love affair, but their bliss is threatened when Carson's uncle reveals that Alec might be a spy for Germany. He insists that it is essential that Alec be trapped and brought to justice, and the only person who can deliver an unsuspecting Alec to the proper authorities is Carson. Desperate to believe in her new love -- and terrified of discovering she has fallen for a traitor -- Carson must choose whether to prove her lover innocent or leave him to face the consequences on his own. A riveting page-turner, Night Train to Lisbon travels back to the days when war loomed, the Mitford sisters dazzled, and night trains brimmed with romance and intrigue, delivering a mesmerizing novel of a love that must truly conquer all in order to survive.

An escape story and a love story told by one refugee to another, in a Portuguese interlude in the World War II flight of refugees from Europe. The narrator is a German who returned to see his wife and bring her out of Germany, but tragedy strikes the two.

This stunning, atmospheric thriller set in war-torn Europe won the CWA Gold Dagger and has now been reissued with the Javier Falcon series.

Portugal is an established member of the European Union, one of the founders of the euro currency and a founder member of NATO. Yet it is an inconspicuous and largely overlooked country on the continent's south-west rim. In the fifteenth- and sixteenth-century Age of Discovery the Portuguese led Europe out of the Mediterranean into the Atlantic and they brought Asia and Europe together. Evidence of their one-time four-continent empire can still be felt, not least in the Portuguese language which is spoken by more than 220 million people from Brazil, across parts of Africa to Asia. Analyzing present-day society and culture, The Portuguese also considers the nation's often tumultuous past. The 1755 Lisbon earthquake was one of Europe's greatest natural disasters, strongly influencing continental thought and heralding Portugal's extended decline. The Portuguese also weathered Europe's longest dictatorship under twentieth-century ruler Ant nio Salazar. A 1974 military coup, called the Carnation Revolution, placed the Portuguese at the centre of Cold War attentions. Portugal's quirky relationship with Spain, and with its oldest ally England, is also scrutinized. Portugal, which claims Europe's oldest fixed borders, measures just 561 by 218 kilometres . Within that space, however, it offers a patchwork of widely differing and beautiful landscapes. With an easygoing and seductive lifestyle expressed most fully in their love of food, the Portuguese also have an anarchical streak evident in many facets of contemporary life. A veteran journalist and commentator on Portugal, the author paints an intimate portrait of a fascinating and at times contradictory country and its people.

The fate of two families are tied to the history of Portugal in this novel that spans the globe from Mozambique to Lisbon.

Set in a luxurious grand hotel just outside Lisbon, at the height of the Second World War, Estoril is a delightful and poignant novel about exile, divided loyalties, fear and survival. The hotel's guests include spies, fallen kings, refugees from the Balkans, Nazis, American diplomats and stateless Jews. The Portuguese secret police broodingly observe the visitors, terrified that their country's neutrality will be compromised. The novel seamlessly fuses the stories of its invented characters with appearances by historical figures like the ex-King Carol of Romania, the great Polish pianist Jan Paderewski, the British agent Ian Fleming, the Russian chess grandmaster Alexander Alekhine and the French writer and flyer Antoine de St Exupery, who forms a poignant friendship with a young Jewish boy living alone in the hotel.
