As Alice Reyner's paper on Stanislavski and Bradley in NTQ 4 illustrated, Stanislavski remained very much a man of his own time, however enduring his approach to acting has proved. Here, Natalie Crohn Schmitt examines one of the concepts most crucial to 'the system' - a concept which is in its essentials, however, derived from nineteenth-century ideas, now being challenged, about the relationship between creativity and the unconscious.

| Soren Dreier

Finally, the unconscious of nature is the non-located location for the entwinement of violence and creativity. At a recent Congress at my university the theme was “Suffering and Evil in Nature.” One would expect that the participants would easily slide into the ‘obvious’ distinction between suffering throughout nature and evil as confined to the human process.
