Scroll up and click the "Buy Now" button and download this exceptional book right now!

Make a steady part-time income from trading options month after month! If you are a beginner to the world of options trading, this is the only book you will need to learn the basics of the game and to start earning a handsome income consistently every month. The vast majority of retail traders in the stock market keep away from trading options believing that options are too complex and too risky to indulge in. Most of the few that venture out into this terrain with half-baked knowledge usually end up with substantial losses over the long term because they simply do not know the safe strategies that one needs to deploy in this space. If you are somebody who has shied away from options trading in the past thinking it is beyond comprehension or because you always ended losing money while trading options, then this is the right book for you. As a beginner's guide into the world of options trading, here's what this book contains: What Stock Options are in simple terms! The various types of options and the common terms used in options trading. The underlying principles of options trading using easily-understandable scenarios. Basic mistakes made by beginners and how to avoid them. Six great strategies, with real case studies, to that teach you how to consistently make profits while controlling your risk. Note: As an added bonus, this book also gives you access to downloadable worksheets you can use to calculate the potential returns and risk exposure for any strategic trade you want to get into or to even just carry out paper-trades! This book adopts an unsophisticated approach to teach options trading to just about anybody. Therefore, if you are looking for a place to start learning about options trading and how to earn off it, look no further!

Real Advice from a Real Investor If you are dreaming of getting started in the investing world to supplement your income or even kick your 9-to-5 job to the curb completely, then Options Trading: The Ultimate Beginner's Guide might be the answer you have been looking for. This book will help you learn everything you need to know in order to start making successful moves in the options market, even if you aren't quite sure what an option is at this moment. Simply put, options are like stocks or bonds in that they are a variety of security which, when purchased, give you the option of purchasing or selling a stock or another related asset at a specific price. While it might seem complicated now, the reality is that it is mostly about doing research and executing on a specific plan once certain numbers are met. While once only the domain of Wall Street, online options trading makes the process easier than ever. So, what are you waiting for? Stop dreaming and start acting. Inside You Will Find A complete breakdown on all option types Detailed explanations on exactly how options work An easy to follow step-by-step guide to walk you through your first options trade The best strategies for a beginner to achieve success The lingo of a professional options trader The easiest way to guarantee long term trading success Common mistakes beginners

make and how to avoid them Much, much more! This is the definitive guide to get you started on trading options!

"Guy Cohen is the master when it comes to taming the complexities of options. From buying calls and puts to iron butterflies and condors, Guy explains these strategies in a clear and concise manner that options traders of any level can understand. His chapter on options and taxes is especially welcomed (and needed). What if I could show you a way to make money whether the market moved up or down and not care what the market does during a single trade? It's no secret that trading is a tough skill to master. The number of things you need to understand, including technical strategies, money management, and so on makes the learning curve extremely steep. Even worse, there isn't a guide out there that gives you a realistic view of what it truly takes, in terms of capital and timelines, to make it. The truth is that changing a few small things can have an outsized impact on your bottom line. But do you know which little things to change? Options provide the best of all worlds when it comes to trading successfully. You can turbocharge your returns as well as insulate yourself from the downsides of volatility and stop loss risk. Options create new dimensions in the market, and in this book, this is precisely what you will learn. Do you feel that options trading manuals tend to be heavy on math but light on actionable information? With this book, you will learn how to trade options, no matter the market conditions, utilizing strategies that require math that you learned before high school. Best of all, you can make money even when you're wrong! Inside this book, you will learn the following: A brief history of options trading- how you can learn from the mistakes of the past. Six ultra profitable options trading strategies for all markets- plus how to increase your returns on them. The biggest secret to successful trading that no one has told you. Why you've been looking at the market wrong all this while- and how to fix it. Why you need to stop memorizing lists of complicated indicators- and just do this instead. Like trading with indicators? No problem, just use a few simple ones as shown inside. How well do you know this less popular market sentiment- and how options can enable you to take advantage of this in multiple ways. The math the grounds your strategy's profitability- why you've been doing it wrong all this while. And so much more! Trading options does not have to be as hard as it's been made out to be. The truth is that there are many ways to make money in the market, and options trading helps you simultaneously remove the risks of trading and participate in the gains on offer. Stop wasting your time trying to predict which way the market moves and instead embrace non directional spread trading. Don't know what that means? Well, inside this book you'll find out! Options are the key ingredient your trading has been missing. So go ahead and join the ranks of the ultra profitable traders who makes options and the markets work for them! Click buy now!

Do you want to try options trading but you are afraid of taking a risk?Would you like to understand what's going on with Stock Options

Market? If you answered yes to this two simple questions, then keep reading! You will learn the following topics: Options Trading sounds mysterious and complicated but the reality is its pretty simple and you just need someone to explain you. So, we're going to start this book by explaining the basic of what an option really is and how they are used to earn profits. Of course, all investing carries risk and that includes Options Trading. But one of the best thngs about options is very require relatively small amount of capital to get started. So, you can experience some losses without causing any devastation. And if you are careful, you can avoid losses most of the time. This book you will be in possession of the knowledge that is required to help you confidently start Trading Options to earn a consistent income every month; with your newfound knowledge, you must be raring to go. The hands-on experience, you will gather in this period will make you a much better trader even before you risk a single dollar or whichever currency you trade in the market. STOP Trading Options like Gambling Learn How to "Stick & Apply Basics" That Makes You Win Despite the Market Being Up, Down or Constant If you are Puzzled into the game of Futures and Options... Overwhelmed with information and technical terms... or even if you are planning to start your trading journey but not sure if you can make a good living out of it... then this message is just for you. Here's why... You can now fade away all your confusions and have a proper easy to follow roadmap to futures and options so that you can trade your way to success. And you need to realize; there is a cost to not dealing with this... If you don't do something about it, get worse What most people do while trading options and losing money is; they treat this business like a gamble and guesswork... thinks they are missing some technical aspects... some secret sauce and pro-tips... buying tons of overhyped courses... But for most people, none of that works. The primary problem is because of hitting the market unprepared, even though most people assume that they are prepared. Tips never make you successful, "learning can." This one of the biggest reasons makes the traders lose money. Yes, you may get some small temporary gain - never works in the long run. Trying to get into many trades without a strategic Risk- Reward assessment is a blunder for you. Whenever you trade emotionally, it's an invitation to disaster. And finally, you probably end up losing confidence and an opportunity which could be your prominent source of income. And what happens if you do nothing? If you keep doing what you've been doing? You never get the real taste of trading; remain stuck in the cycle of never-ending losses. And finally; you complain about the business model and remain broke. How i discovered the secrets of options trading Nothing secret, a compilation of systematic scientific approach based on the specific principles of options trading. Here's the story: I tried everything out there, just like you. After wasting much hard-earned money, being frustrated, and going through all the hardships, i decided to dedicate a year to learn, apply, and test every day and night. I was not the same trader. I successfully managed and multiplied my investment and did the same to my friends and family. More than that, a proven psychological systematic was discovered. With the encouragement of my friends and family, it reached you. It worked for these people, and it will work for you !! I went from a stupid broker to a successful trader in one year- living my dream life... but what's impressive is what happened to other people... The book contains the following topics Why you should invest in options trading Learn the purpose of options and when to use them Strategy for selling covered calls The pros and cons of options trading Evaluating your personal financial situation The components of an option contract and many more... Now it's your turn...go ahead and make a successful living in options !!!
