Welcome to Our Discovery Island, a six-level primary series that engages children in 21st century learning. Children uncover clues and solve mysteries as they learn English. Whole learner: Adventures on themed islands develop cognitive, emotional, and social skills. Authenticity: Children are safe, absorbed and happy playing and practising in the online world Repetition: Songs, chants, and games reinforce essential vocabulary and grammar practice Motivation: Stories, characters, and activities engage learners. Our Discovery Island is a groundbreaking new course that makes learning English an exciting and engaging experience.

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

This workbook contains a variety of exercises and activities designed to help young learners advance the fine motor skills that are essential to the handwriting process, beginning by tracing lines and curves, and then gently introducing some letter-writing practice. Several mazes are also included in the book as a fun way to promote visual motor skills, eye-hand coordination, and problem-solving skills. Young students are introduced to the letters of the alphabet in exercises that have them trace Lowercase Alphabet and then practice writing them on their own. Numbers are also presented in an engaging way, with a lesson in phonetics as well as exercises for tracing and writing numerals. A section of connect-the-dot games provides more motor skills development along with helping children learn the order of alphabet, while fill-in-the-blank games reinforce alphabet learning in a different way and provide more practice in writing the missing letters. My BIG Book of Writing! is a versatile tool that can help children who are struggling with writing skills to work at a comfortable level, as well as assisting those for whom writing comes more easily to experience the multitrack learning their developing minds are hungry to absorb. Whatever level a child is at, the activities and exercises in this workbook will stimulate the learning process and prepare him or her for reading and other learning challenges ahead.

All Isla Macallen wanted was a simple existence on her little Scottish island—but what she got was embroiled in a war of good versus evil. Paranormal investigator Dr. Jeremiah Rousseau doesn't expect his research to lead him to Scotland, and to the woman who will turn his world upside down. Together they must defeat the demon king before time runs out. As a supernatural war wages around them, Isla and Jeremiah will risk it all for love.
