second question required an answer to the first. My view was, and is, that we need to think about power broadly rather than narrowly ^ in three dimensions rather than one or two ^ and that we need to attend to those aspects of power that are least accessible to observation: that, indeed, power is at its most effective -
tive when least observable.

The second edition of this seminal work includes the original text, first published in 1974, alongside two major new chapters.

Power: A Radical View assesses the main debates about how to conceptualize and study power, including the influential contributions of Michel Foucault. *Power Revisited* reconsiders Steven Lukes' own views in light of these debates and of criticisms of his original argument.
