## **How To: Introduction to the Query Generator in SAP**

~~Business One Query Builder  
Business Objects Xi~~

Business Objects Query

Builder is a quickly  
accessible backdoor to the  
BO XI and BO BI

InfoStore/Repository that  
requires no SDK development  
but can return ANYTHING a  
single SDK query might.

Business Objects engineers  
and consultants use Query  
Builder with almost every  
customer engagement, and so  
you might want to ask  
yourself, "Are we using  
Query Builder, a resource  
freely available to all BO  
administrators, to its

# Get Free Query Builder Business Objects Xi 31

fullest potential in our  
BusinessObjects XI or BI  
environment?"

~~Business Objects Query  
Builder Guide BOXI ...~~  
Queries against the logical  
tables 'CI\_InfoObjects' or  
'CI\_AppObjects' must be run  
either directly through the  
Business Objects Enterprise  
(BOE) Software Development  
Kit (SDK) or through the  
Query Builder application  
(which is a free utility  
provided with BOE). In BO XI  
3.1 this tool can be found  
in the "AdminTools" web  
application and if this app  
is deployed to your server  
it can be accessed through  
the URL: "http://yourserver/

Business Objects Query  
Builder is a free  
application provided with  
Business Objects Enterprise  
XI (BOXI). It uses the  
BOE SDK to provide a simple  
web user interface for  
submitting queries against  
the CMS InfoStore and  
returning their results.

The question: Is it possible to peer into the Business Objects XI CMS InfoStore (a.k.a. database repository) without Query Builder or the BOXI SDK???? The answer: No. All of my research and experience tells me the following: Much of the meta data, the useful part especially, is stored in the CMS InfoStore in an encrypted binary format.

**Guide**  
A Favorite from Query Builder - Active User List. Sometimes you can't get Business Objects' Central Management Console (CMC) to return the "Metrics" page and you need to know how many users are logged in to the system. Other times the CMC "Metrics" page works, but in the case of system administration, you may want to know who is logged in to your Business Objects XI CMS InfoStore.
