If a boat has V-hull, inner twin motors should use longer transom motor than outside motors. Measurements (e) and (f) should be the same. Maintain a minimum distance (T1) that is the measurement between both vertical centerlines of outboard motor. Minimum distance (T1) is recommended on each model, and its data is put on the dimension item.

In developing countries, traditional fishermen are important food contributors, yet technological information and development assistance to third-world nations often focuses on agriculture and industrial fishing, without addressing the needs of independent, small-scale fishermen. This book explores technological considerations of small-scale, primitive fishing technologies, and describes innovative, relatively inexpensive methods and tools that have already been successfully applied in developing countries. It offers practical information about all aspects of small-scale fishing, including boat design and construction, fishing methods and gear, artificial reef construction and fish aggregating devices, techniques for coastal mariculture, and simple methods for processing and preserving fish once they are caught. Fisheries Technologies for Developing Countries is illustrated throughout with photographs of the devices and construction methods described in the text.

The modern cruising catamaran has arrived The arguments are over and the verdict is in--cruising catamarans comprise a rapidly growing percentage of the cruising fleet worldwide. Their advantages of space, stability, speed, and handling under power are truly compelling, and modern cats are every bit as reliable as monohulls. This long overdue, in-depth guide will help you choose and cruise the right catamaran for your needs. "An authoritative guide for novices and experienced sailors; the best book written on the subjects since the early 1990s."--"Trimaran" Jim Brown, renowned multihull designer "In Catamarans, Gregor Tarjan shares his enthusiasm for yachts with two hulls, based on years of sailing all types. An excellent introduction."--Dick Newick, legendary catamaran and trimaran designer "If you are contemplating spending hundreds of thousands of dollars on a cruising catamaran, the small price of this book is probably the best investment you could possibly start with."--from the Foreword by Charles K. Chiodi, publisher of Multihulls Magazine
