MCMAP training teaches hand-to-hand combat skills hand-to-hand combat. Because Marines find themselves in com-bat environments, it is impor- tant recruits pay close attention to minor details now so they can execute each technique effectively later. As a training requirement, re-cruits are expected to learn the basics of MCMAP during their 12

MCMAP training teaches hand-to-hand combat skills

Men earned scars in endeavors other than combat, of course. Scars accrued in the course of dangerous work and risky journeys of many kinds. Such scars became a kind of epidermal relief map, denoting where a man had traveled and what he had done along the way. As a group, perhaps none carried more such marks than sailors.
