The Video Game Industry provides a platform for the research on the video game industry to draw a coherent and informative picture of this industry. Previously this has been done sparsely through conference papers, research articles, and popular science books. Although the study of this industry is still stigmatized as frivolous and ' only ' game oriented, those who grew up with video games are changing things, especially research agendas, the acceptance of studies, and their interpretation. This book describes and defines video games as their own special medium. They are not pinball from which they grew, nor movies which they sometimes resemble. They are a unique form of entertainment based on meaningful interactions between individuals and machine across a growing sector of the population. The Video Game Industry provides a reference foundation for individuals seriously interested in the industry at the academic level. As a result, this book will serve as a reference in curricula associated with video game development for years to come.

The first magazine devoted entirely to do-it-yourself technology projectspresents its 28th quarterly edition for people who like to tweak, disassemble, recreate,and invent cool new uses for technology. Express your inner child with MAKE Volume 28, featuring toys and games. Any maker can tell you that lots of experimentation and play time are essential to developing brainpower and creativity. This issue pays tribute to the beloved toys and games you grew up with and their evolution through technology.

Annotation With the iOS 8.1 software and the new iPhone 6 and 6 Plus, Apple has taken its flagship products into new realms of power and beauty. The modern iPhone comes with everythingcamera, music player, Internet, flashlightexcept a printed manual. Fortunately, David Pogue is back with this expanded edition of his witty, full-color guide: the worlds most popular iPhone book. The iPhone 6 and 6 Plus. This book unearths all the secrets of the newest iPhones. Bigger screens, faster chips, astonishing cameras, WiFi calling, Apple Pay, crazy thin. The iOS 8.1 software. Older iPhone models gain predictive typing, iCloud Drive, Family Sharing, "Hey Siri," the Health app, and about 195 more new features. Its all here, in these pages. The apps. That catalog of 1.3 million add-on programs makes the iPhones phone features almost secondary. Now youll know how to find, exploit, and troubleshoot those apps. The iPhone may be the worlds coolest computer, but its still a computer, with all of a computers complexities. iPhone: The Missing Manual is a funny, gorgeously illustrated guide to the tips, shortcuts, and workarounds that will turn you, too, into an iPhone master.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

What Makes a Man, a Man? For centuries, being a man meant living a life of virtue and excellence. But then, through time, the art of manliness was lost. Now, after decades of excess and aimless drift, men are looking for something to help them live an authentic, manly life—a primer that can give their life real direction and purpose. This book holds the answers. To master the art of manliness, a man must live the seven manly virtues: Manliness, Courage, Industry, Resolution, Self-Reliance, Discipline, Honor. Each chapter covers one of the seven virtues and is packed with the best classic advice ever written down for men. From the philosophy of Aristotle to the speeches and essays of Theodore Roosevelt, these pages contain the manly wisdom of the ages—poems, quotes, and essays that will inspire you to live life to the fullest and realize your complete potential. Learn the art. Change your life. Become a man.

The definitive reference for jewelry makers of all levels of ability—a complete, profusely illustrated guide to design, materials, and techniques, as well as a fascinating exploration of jewelry-making throughout history.

As more users expect to use their mobile devices, librarians will want and need to develop the necessary skills to reach this growing user base. Mobile Devices: A Practical Guide for Librarians will aid libraries and librarians as they go through the process of planning, developing, implementing, marketing, and evaluating mobile services.
