In the three years following the September 11th, 2001, terrorist attacks, the Federal Bureau of Investigation hired 2,200 new Special Agents. But that was out of more than 150,000 applicants, and you can be sure the successful candidates had not only relevant backgrounds, but also determination and a genuine desire to embark on one of the most coveted, rewarding, and challenging careers in the world. The FBI Career Guide spells out exactly what the Bureau is looking for in Special Agent candidates, and how to maximize your chances of being selected from the huge applicant pool.

In the three years following 9/11/01, the Federal Bureau of Investigation hired 2,200 new special agents---out of 150,000 applicants. Bureau veteran Joe Koletar's The FBI Career Guide reveals insider tips and real-agent stories to spell out exactly what the FBI looks for and how to maximize your chances: the education path, networking, pay, advancement, and more.

Read Online The FBI Career Guide Inside Information On Getting Chosen For And Succeeding In One Of The Toughest Most Prestigious Jobs In The World

NATIONAL BESTSELLER "A must read for serious leaders at every level." —General Barry R. McCaffrey (Ret.) The FBI's former head of counterintelligence reveals the Bureau's field-tested playbook for unlocking individual and organizational excellence Frank Figliuzzi was the "Keeper of the Code," appointed the FBI's Chief Inspector by then-Director Robert Mueller. Charged with overseeing sensitive internal inquiries and performance audits, he ensured each employee met the Bureau's exacting standards. Now, drawing on his distinguished career, Figliuzzi reveals how the Bureau achieves its extraordinary track record of excellence—from the training of new recruits in "The FBI Way" to the Bureau's rigorous maintenance of its standards up and down the organization. All good codes of conduct have one common trait: they reflect the core values of an organization. Individuals, companies, schools, teams, or any group seeking to codify their rules to live by must first establish core values. Figliuzzi has condensed the Bureau's process of preserving and protecting its values into what he calls "The Seven C's". If you can adapt the concepts of Code, Conservancy, Clarity, Consequences, Compassion, Credibility, and Consistency, you can instill and preserve your values against all threats, internal and external. This is how the FBI does it. Figliuzzi's role in the FBI gave him a unique opportunity to study patterns of conduct among high-achieving, ethical individuals and draw conclusions about why, when and how good people sometimes do bad things. Unafraid to identify FBI execs who erred, he cites them as the exceptions that prove the rule. Part pulse-pounding memoir, part practical playbook for excellence, *The FBI Way* shows readers how to apply the lessons he's learned to their own lives: in business, management, and personal development.

For decades, movies and television shows have portrayed FBI agents as fearless heroes leading glamorous lives, but this refreshingly original memoir strips away the fantasy and glamour and describes the day-to-day job of an FBI special agent. The book gives a firsthand account of a career in the Federal Bureau of Investigation from the academy to retirement, with exciting and engaging anecdotes about SWAT teams, counterterrorism activities, and undercover assignments. At the same time, it challenges the stereotype of FBI agents as arrogant, case-stealing, suit-wearing stiff with representations of real people who carry badges and guns. With honest, self-deprecating humor, Steve Moore's narrative details his successes and his mistakes, the trauma the job inflicted on his marriage, his triumph over the aggressive cancer that took him out of the field for a year, and his return to the Bureau with renewed vigor and dedication to take on some of the most thrilling assignments of his career. Steve Moore is a former agent of the Federal Bureau of Investigation who had assignments as a SWAT team operator, sniper, pilot, counterterrorist, and undercover agent. He received multiple awards from the Department of Justice before his retirement in 2008, has written two episodes for an FBI-themed TV series, and is a regular commentator for *Headline News*. He lives in Thousand Oaks, California.

Candice DeLong has been called a real-life Clarice Starling and a female Donnie Brasco. She has been on the front lines of some of the FBI's most gripping and memorable cases, including being chosen as one of the three agents to carry out the manhunt for the Unabomber in Lincoln, Montana. She has tailed terrorists, gone undercover as a gangster's moll, and posed as the madam for a call-girl ring. Now for the first time she reveals the dangers and rewards of being a woman on the front lines of the world's most powerful law enforcement agency. She traces the unusual career path that led her to crime fighting, and recounts the incredible obstacles she faced as a woman and as a fledgling agent. She takes readers step by step through the profiling process and shows how she helped solve a number of incredible cases. The story of her role as a lead investigator on the notorious Tylenol Murderer case is particularly compelling. Finally, she gives the true, insiders story behind the investigation that led to the arrest of the Unabomber including information that the media can't or won't reveal. A remarkable portrait of courage and grace under fire, *Special Agent* offers a missing chapter to the annals of law enforcement and a dramatic and often funny portrait of an extraordinary woman who has dedicated her heart and soul to the crusade against crime.

Details on positions as special agents, computer specialists, police officers, scientists, intelligence specialists, financial analysts, electronics technicians, language specialists, office and support positions.

How much do you really know about the FBI? Like most people, you've probably learned about the FBI from popular culture—reading books and watching TV shows and movies, along with, of course, the news. You might be surprised to learn that a lot of what you've been reading and watching is inaccurate. Written by retired Special Agent, crime novelist, and true crime podcaster, Jerri Williams, *FBI Myths and Misconceptions: A Manual for Armchair Detectives* debunks twenty clichés and misconceptions about the FBI, by presenting educational reality checks supported by excerpts from the FBI website, quotes from retired agents, and reviews of popular films and fiction featuring FBI agent characters. This informative and fun manual will help you: - Create realistic FBI characters and plots for your next book or script - Impress armchair detective friends with your knowledge about the FBI - Prepare for a career in the FBI and avoid embarrassing yourself at Quantico Get your copy today!

After spending more than twenty-years years as a Special Agent with the FBI, Kathy Stearman recounts the global experiences that shaped her life—and the mixed feelings that she now holds about the sacrifices she had to make to survive in a man's world. When former FBI Agent Kathy Stearman read in the *New York Times* that sixteen women were suing the FBI for discrimination at the training academy, she was surprised to see the women come forward—no one ever had before. But the truth behind their accusations resonated. After a twenty-six-year career in the Bureau, Kathy Stearman knows from personal experience that this type of behavior has been prevalent for decades. *It's Not About the Gun* examines the influence of attitude and gender in her journey to becoming FBI Legal Attaché, the most senior FBI representative in a foreign office. When she entered the FBI Academy in 1987, Stearman was one of about 600 women in a force of 10,000 agents. While there, she evolved into an assertive woman, working her way up the ranks and across the globe to hold positions that very few women have held before. And yet, even at the height of her career, Stearman had to check herself to make sure that she never appeared weak, inferior, or afraid. The accepted attitude for women in power has long been cool, calm, and in control—and sometimes that means coming across as cold and emotionless. Stearman changed for the FBI, but she longs for a different path for future women of the Bureau. If the system changes, then women can remain constant, valuing their female identity and nurturing the people they truly are. In *It's Not About the Gun*, Stearman describes how she was viewed as a woman and an American overseas, and how her perception of her country and the FBI, observed from the optics of distance, has evolved.

Joe Navarro, a former FBI counterintelligence officer and a recognized expert on nonverbal behavior, explains how to "speed-read" people: decode sentiments and behaviors, avoid hidden pitfalls, and look for deceptive behaviors. You'll also learn how your body language can influence what your boss, family, friends, and strangers think of you. Read this book and send your nonverbal intelligence soaring. You will discover: The ancient survival instincts that drive body language Why the face is the least likely place to gauge a person's true feelings What thumbs, feet, and eyelids reveal about moods and motives
